**114th BIRTH ANNIVERSARY OF DR. BABU JAGJIVAN RAM
&
TWO-DAY NATIONAL CONFERENCE
ON
MARGINALIZED GROUPS AND SOCIAL JUSTICE**

DATE: APRIL 05-06, 2022

VENUE: PROF. S. P. HIREMATH HALL

Theme: Marginalized groups and social justice

Marginalized groups are those sections of the society which have remained ignored and isolated in the past due to various social and economic causes. The major groups among these include the scheduled castes, the scheduled tribes, the other backward classes, and the minorities. To this one may add religious, linguistic minorities, LGBT communities, which are suppressed in the society in one or the other way.

One of the major causes of social inequality and the major impediment to social justice in the country is caste system and untouchability is an offshoot of this evil practice. Discrimination on the basis of caste is inhuman and is unparalleled elsewhere in the world, except perhaps the practice of racism in the West.

This conference aims to focus on the concept of social justice in relation to marginalized groups of the Indian society. SCs/ STs, OBCs, women and the minorities are subjected to various forms of discrimination, and humiliation from the upper castes in the country.

Over the years the forms of discriminations have taken different colors. In some places it is open and brazen, while in some other it is more subtle. As well known Kannada writer Devanooru Mahadeva rightly puts it, the constitutional compulsion may have brought people of various castes together in public places, but their hearts are still filled with darkness.

This conference aims to relook into this rooted practice of discrimination meted out to marginalized groups. The conference aims to find answers to questions such as; What are the academic responses to these pertinent issues? Whether social sciences have been able to find solutions to these perennial problems facing the Indian society? and the big question; whether social justice is still elusive for marginalized groups of the country?
